Mr. Richard

I am Richard Charles Didymus Jr. and I have the privilege of being a native English teacher at the Buddhist Tai Kwong Chi Hong College (BTKCHC). Prior to my position as a native English teacher at this amazing institution I served as a soldier in the United States Army for more than 20 years, where I worked with some of the most professional people from around the world. That included Professionals from Germany, France, Italy, UK, Australia, New Zealand, and Japan.

However it wasn't until 1 arrived at the Buddhist Tai Kwong Chi Hong College (BTKCHC), led by Principal Wing Woon Leung, where 1 have had the opportunity to work with the most caring, Compassionate, dedicated, motivated, and team oriented staff members, leadership, teachers, and

administrative personnel 1 have ever seen.

The institution (BTKCHC), understands the importance and impact the learning experience and journey has on students. Which is why the school creates a safe and welcoming environment that teaches and reinforces morals and values that are associated with developing successful and productive students and young adults.

Furthermore, the institution (BTKCHC)

structures the education materials, curriculum, activities, and programs around improving each and every individual student's interests and skill set.

Due to the amazing learning environment created by Principal Wing Woon Leung and her team at the Buddhist Tai Kwong Chi Hong College, the students are excited about the interaction and mentorship they receive from the staff, teachers, and administrative personnel.

At the end of their journey at this institution, students can proudly say that they are alumni of The Buddhist Tai Kwong Chi Hong College.

Our Nativespeaking English Teacher (NET)

Ms Sharma

Hi everyone! My name is Munisha Sharma, and I am the new English Net teacher at the Buddhist Tai Kwong Chi Hong College. First,

allow me to share a little about myself. Teaching English is a passion for me, and I have been teaching English for about 5 years. I graduated from the Hong Kong Metropolitan University with Bachelor's in Global Business and Marketing.

As this is my first year teaching at Buddhist Tai Kwong Chi Hong College, and so far, I have had a wonderful experience. The students are highly spirited, cheerful, and very welcoming to talk to. I enjoy teaching them and hearing about all their exciting ideas and stories. Also, I admire how respectful and inquisitive students are and how we learn from each other.
